

DIVYA ANANTHI V

I'm seeking a career opportunity in a well-established company that fosters both personal and professional growth, where I can contribute meaningfully to its ongoing success.

Projects

Event Organizers - Simple event organizer website

Technology - HTML, CSS, and Responsive

- The Event Organizer Website is a simple yet effective online platform facilitating event planning and coordination.
- This website provides a user-friendly interface for both event organizers and attendees.

Project Link - <https://divyaananthi.github.io/event/>

Product Based Website - Melody Mart

Technology - HTML, CSS, Bootstrap, and Responsive

- The Website offers a collection of headphones, audio processors, and accessories.
